

## **Competitor Bulletin #2009-01**

**To:** All AMA Pro Road Racing Competitors  
**Date:** January 30, 2009  
**Effective Date:** Immediately  
**Subject:** Fuel System O-Rings

---

### **Fuel System O-Rings**

It is the position of our fuel partner Sunoco that the proper o-ring for fuel couplers and dry break equipment should be of Kalrez<sup>®</sup>. Information can be found on the DuPont Performance Elastomers website:
