

## **Competitor Bulletin #2009-12**

**To:** All AMA Pro Road Racing Competitors  
**Date:** June 15, 2009  
**Effective Date:** July 3 - July 5, 2009  
**Subject:** Mazda Raceway Laguna Seca Tire Allocation

---

In co-operation with our technical partner, Dunlop Tires, AMA Pro Racing has reduced the tire allocation effective for the AMA Pro Road Racing event at Mazda Raceway Laguna Seca to be held from July 3 – 5, 2009 due to the abbreviated on-track schedule. As there will be no Superpole and only one main event in Daytona SportBike and American Superbike during the event weekend, the allowed quantities will be as follows:

- American Superbike: 5 fronts, 7 rears
- Daytona SportBike: 5 fronts, 7 rears
- SuperSport: 4 fronts, 4 rears – no compound choices
