

## **Competitor Bulletin #2009-04**

**To:** All AMA Pro Flat Track Competitors  
**Date:** June 2, 2009  
**Effective Date:** Immediately  
**Subject:** 450 Singles Noise Limit

---

All race motorcycles must be in compliance with the 105dB noise limit as stipulated in the AMA Pro Flat Track rule book. Random spot checks showed some 450 singles to be well over the limit at the tested range of 4500 rpm.

It is the riders' responsibility to be sure his motorcycle is in compliance with the rules. Violators may be warned or excluded at the discretion of the AMA Pro Racing technical staff.
