1.1. Competition Licenses

- a. All riders participating in any on-track practice, qualifying or racing must have a valid AMA Pro Racing or FIM license of the appropriate classification. Licenses are not issued at the racetrack. For all competitors, it is recommended that processing of the license be completed through the AMA Pro Racing office 30 days before the first event you wish to participate in. Additional licensing information and applications are available from the AMA Pro Racing office. All international riders must submit either a valid release or start permission from their federation to the American Motorcyclist Association.
- b. AMA Pro Racing licensed riders not qualifying in AMA Pro Racing sanctioned events for a period of three years may lose their prior classification.
- c. Applicants renewing a license that has been expired three or more years must complete a Flat Track Eligibility Questionnaire and Record of Results on the License Application.
- d. Any rider that is a new applicant or changes AMA Pro Racing license classification will compete under a probationary period of two (2) race events. AMA Pro reserves the right to then evaluate the supervised results to determine inclusion or exclusion in the new class.
- e. In the case where a new applicant's resume documents being from prestigious international or national motorcycle racing series, AMA Pro Racing may use its discretion to issue the appropriate license.
