---

For the 2015 AMA Pro Flat Track season, AMA Pro Racing will distribute \$80,000 to riders in the form of per-race awards as part of the City National Bank "Long Haul Award" program.

A \$500 award will be given to each of the 10 riders in the Harley-Davidson GNC1 presented by Vance & Hines class who traveled the greatest distance\* from their home to the event location and qualified for the main event from either heats or semis. Riders who use their provisional start card to enter the main event will not be eligible for the award.

**NOTE\*:** Travel distance has been defined as the linear distance (as the crow flies) between the GPS coordinates of each track's address and each rider's home address as submitted on the rider's 2015 AMA Pro Flat Track rider license application. This metric is not intended to take into account travel logistics, and will merely serve as an objective comparator of the relative distances traveled by each competitor.
