AMERICAN FLAT TRACK: RELAUNCHED AND RE-ENVISIONED

Following the 2016 season, AMA Pro Racing announced the official rebranding of the all-new American Flat Track (AFT) series - formerly known as AMA Pro Flat Track. The rebranding of the series coincides with the dawn of a new era for America's favorite motorcycle sport, which includes a restructured class system as well as a re-envisioning of the event format. While holding true to the legacy of a sport rich in history, the modifications are designed to provide a more understandable and exciting format for the modern fans and make the series more accessible to new fans.

"We are extremely excited about the rebranding of the series," said Michael Lock, CEO of AMA Pro Racing. "The rejuvenation of the sport will bring a new level of excitement to racers and fans. Everyone will be able to easily understand what's happening on the track and will be able to enjoy all of the action from the moment they arrive to when they head home. It's a very exciting time for the sport of professional Flat Track racing."

The restructured class system consists of the AFT Twins class, the premier class where the best Flat Track riders in the world battle for top honors on fire-breathing Twins, and the AFT Singles class, which will host dirt track racing's stars of tomorrow.

The reclassification of the new series is categorized in an easily comprehensible format:

The AFT Twins class will consist of twin-cylinder motorcycles (650 - 999.9cc), which contain the latest in motorsport technology and will be piloted by the fastest athletes on the dirt.

In the AFT Singles class, the up-and-coming riders will command the tracks on 450cc single-cylinder motorcycles as they compete for their chance to make it to the prestigious AFT Twins ranks.

As part of the rebranding, the series website has been relocated to AmericanFlatTrack.com. Over the coming months, the site will be expanded to modernize the online experience for fans, including online ticketing and detailed information about upcoming events.

There are also changes to event format which promise an action-packed program of racing. The traditional format will move to a tournament style format, where the fastest 48 riders from timed qualifying advance to the heats. From there, the race program will consist of four six-lap Heats with nine of the 12 riders transferring to one of the two Semis. What was traditionally a last chance effort to make the Main, the new Semi format is a knockout round where 18 riders duke it out for the nine spots that transfer them to the 18-rider Main. The Main events themselves see little changes, with the premiere AFT Twins class keeping its traditional 25-lap Main and the support AFT Singles class sees a slight increase from 12 to 15 laps.

Adding to the excitement in 2017, the American Flat Track series will also be the battleground for one of the oldest rivalries in motorcycle racing - Harley-Davidson and Indian Motorcycle. The American Flat Track series in its entirety will continue its growth by introducing new global manufacturers to the sport and will see elevated support from current and new partners.

In keeping with the goals to streamline and modernize the series, AMA Pro Racing has worked diligently with the Advisory Group to rewrite and enhance the rulebook for the 2017 season. The driving force behind the updated rulebook is to focus on the safety and performance of the overall racing experience.

Earlier in the 2016 season, AMA Pro Racing announced the formation of subsidiary company AFT Events and the brand-new apparel line American Flat Tracker. These companies have served as a springboard for the launch of the American Flat Track series and will continue to innovate in new ways to elevate the level of the entire event experience for fans, teams and the overall sport of professional Flat Track.

AMERICAN FLAT TRACK OVERVIEW

American Flat Track is America's original extreme sport. At its core, it's a highly competitive, adrenaline-fueled American motorsport featuring customized motorcycles reaching top speeds of up to 140mph, piloted by young, athletic and marketable world-class athletes.

With roots dating back to the first two-wheel speed demons in the 1920s, American Flat Track is widely regarded as the most prestigious and competitive form of dirt track motorcycle racing in the world. A lot has changed over the last 90 years, but the spirit of the sport remains as perhaps the truest, purest test of man and machine. Today, the series is comprised of two distinct classes: AFT Twins and AFT Singles.

On a typical race day, both American Flat Track classes begin the day with practice and qualifying sessions prior to opening ceremonies. From there, it's nothing but exhilarating, full-throttle racing action as the field in each class qualifies for the night's main event through a series of knockout-style heat and semi races.

In addition to watching the thrilling on-track action, events also feature fan walks where fans are invited into the paddock to meet the stars of the sport and watch the crew chiefs and mechanics at work.

HISTORY OF THE SPORT

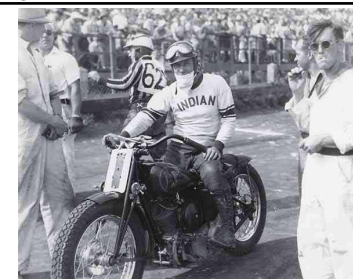

1920s - ORIGINS OF THE SPORT

American Flat Track is one of the original and longest-running forms of motorsport, with roots dating back to the first two-wheel speed demons in the 1920s. Harley-Davidson's Jim Davis won the first national race sanctioned by the AMA, the 25-mile AMA National Championship which was held on a one-mile dirt oval in Toledo, Ohio on July 26, 1924.

1930s - INTRODUCTION OF CLASS C

In 1932, the AMA sanctioned Class A Dirt Track allowing motorcycle manufacturers to enter prototype machinery. Class C was introduced in 1933, featuring street-legal motorcycles and focusing on cost containment to attract new riders. AMA crowned Indian-mounted Woodsie Castonguay its first Class C National Champion in 1935, and the final Class A champion was crowned in 1938.

1940s - HARLEY VS. INDIAN

While Europe began to boil over, the Great American war raged stateside. Class C helped fuel an intense rivalry between Harley-Davidson and Indian, the two major American manufacturers of the period. Due to the Second World War, no championships were held between 1942 and 1945. All other years, the Class C winner at the Springfield Mile was crowned National Champion.

1950s - HARLEY VS. BSA

Up until 1953, the AMA Grand National Champion was crowned based on the results of a single race, the Springfield Mile. In 1954, the AMA formalized a series of events known as the Grand National Championship, featuring five different types of race circuits. Four were dirt tracks, while the fifth was a paved road course. With the demise of Indian Motorcycles in 1953, Harley-Davidson was left to dominate the series, with rider Joe Leonard winning the first Grand National Championship in 1954.

HISTORY OF THE SPORT

1960s - HARLEY TAKES ON THE BRITS

In the 1960s, British manufacturers seeking to bolster sales in the burgeoning American motorcycle market began to compete in the championship. Dick Mann won the national title for BSA in 1963, marking the first victory for a foreign manufacturer. Triumph would win three Grand National Championships in four years, with Gary Nixon winning back-to-back titles in 1967 and 1968, and Gene Romero taking another title in 1970.

1970s - EVOLUTION: THE RISE OF THE JAPANESE

Mann won a second crown for BSA in 1971 before the British motorcycle industry collapsed. In 1973, Kenny Roberts took the honors as Grand National Champion for Yamaha, the first for a Japanese marque. In 1978, Roberts took the international scene by storm. His revolutionary style, bred on American dirt tracks, allowed him to dominate his competition and become the first American to win a motorcycle road racing world championship.

ROBERTS - CATALYST FOR AMERICAN CHAMPIONS

Roberts was the catalyst that set off a firestorm of world champion motorcyclists bred on American dirt track racing.

HISTORY OF THE SPORT

1980s - BIG BATTLES: H-D & HONDA HEAD-TO-HEAD

Honda brought engineering and technical superiority to the sport in the mid-1980s, earning four championships in succession from 1984 – 1987. As the sport grew and machinery became increasingly specialized, the AMA recognized the need to separate the dirt and asphalt disciplines. In 1986, flat track and road racing became two distinct AMA Pro Racing championships. Tammy Kirk became the first woman to score GNC points in 1983. Scott Parker began his historic championship run for Harley-Davidson in 1988.

1990s - DOMINANCE: HARLEY REIGNS SUPREME

With the exit of Honda, Harley-Davidson dominated the sport relatively unopposed throughout the 1990s. In 1993, the Harley-Davidson 883 Sportster division was introduced, featuring nearly street-legal bikes. Chris Carr won championships in 1992 and 1999, and Scott Parker claimed an unprecedented nine championships by the end of the decade. In 1999, the SuperTracker division was created, introducing a large number of DOT-approved four-stroke, twin-cylinder engines to the sport.

2000s - DIVERSIFICATION: A CHANGE OF FOCUS

The SuperTracker division was absorbed into the GNC in 2001. In 2002, Shaun Russell finished 13th at the Springfield TT on a Honda CR250, marking the final time points were scored by a two-stroke motorcycle. Chris Carr won his seventh and final championship in 2005, which was also the final season for the Harley-Davidson 883 Sportster Division. In 2007, Nichole Mees became the second woman to score points in the GNC.

2010s - A RENEWED INTEREST

New manufacturers began to enter and find success in the sport. In 2010, Ducati earned its first GNC win. On August 24, 2013, three different OEMs finished on the podium for the first time since 1972. One week later, Harley-Davidson failed to make the podium for the first time since 1987. With Bryan Smith at the controls, Kawasaki emerged as a fierce competitor on Miles.

RECENT TRENDS AND STRATEGY FOR THE FUTURE

ROBERTS HOOKS ROSSI ON THE SPORT

In 2009, Roberts reunited with the Yamaha T2750. "A magical night" is how the 2009 Indy Mile could best be described. So much of it was perfect that the night was more like a movie you were somehow transported into than a moment from the real and true world.

COMING FULL CIRCLE: DIRT TRACK ON THE WORLD STAGE

For American riders, dirt track racing has long been the proving ground for those that would go on to become the world's motorcycle racing elite. Now, the world's international motorcycle racing elite are turning to dirt track to hone their craft.

MARC MARQUEZ

MARQUEZ HOSTS THE AMERICANS IN BARCELONA

A series of three Superprestigio events were held in Barcelona, Spain in 2014 and 2015. Marc Marquez invited American riders including Brad Baker, Jared Mees and Shayna Texter. Baker topped Marquez in Superprestigio 1 and 3, but unfortunately the American was forced to sit out in Superprestigio 2 due to injury. In the fourth running, Marquez finally got the best of Baker.

RECENT TRENDS AND STRATEGY FOR THE FUTURE

BAYLISS ENTERS AMERICAN FLAT TRACK RANKS

Three-time World Superbike Champion Troy Bayliss came out of retirement in 2015 to join the American Flat Track ranks and race the legendary American Miles. The Australian competed aboard the Ducati Scrambler at Springfield before suffering an injury at Sacramento. Bayliss also began hosting a series of international Flat Track events in Australia known as the Troy Bayliss Classic.

THE SPORT DEBUTS AT THE SUMMER X GAMES

Harley-Davidson Flat-Track Racing debuted as the opening event for the 2015 Summer X Games in Austin, Texas. Bryan Smith took the inaugural X Games Gold Medal for the sport aboard a Kawasaki after a last-lap mechanical issue sidelined the race leader, Harley-Davidson-mounted Jared Mees.

TRUE TO THE CORE

The spirit of American Flat Track remains as perhaps the truest, purest test of man and machine. Perhaps unique in motorcycle racing, this truly American sport has maintained its core virtues, and continues to thrill fans with its winning formula.

A BATTLEFIELD FOR OEMS

A change in the motorcycle marketplace has sparked a new era for the sport. Middleweight twin-cylinder motorcycles are the fastest growing segment for motorcycle sales. Fueled by sales in the category, OEM interest is leading to competition between manufacturers from three continents.

AFT TWINS**THE GRAND NATIONAL CHAMPIONSHIP**

AFT Twins is the pinnacle of dirt track motorcycle racing globally, and has been since the professional ranks were formalized as the Grand National Championship in 1954. Beginning this year, riders in this class will race each circuit on custom-built, twin-cylinder motorcycles generating 90+ horsepower race bar-to-bar at speeds in excess of 140 mph, often drafting to the finish line and requiring a photo finish to determine the race winner. The motorcycles in this class contain the latest in motorsport technology and will be piloted by the fastest two-wheeled athletes on dirt.

QUICK FACTS

Horsepower: 90+
Minimum Weight: 310 lbs.
Top Speed: 140+ MPH
0-60 mph: Under 4 seconds

**TECHNICAL SPECS**

Tires: Dunlop, 19-inch, purpose-built flat track tires
Fuel: Sunoco Supreme 112
Eligible Engines: Only 4-stroke twin-cylinder engines with prior, written approval by AMA Pro Racing are eligible for competition in AFT Twins. This includes both production engines designed for street motorcycles and racing-only engines. Engine Displacement (649cc – 999.9cc with the following restrictions):

- » **Production Engines:**
 - » Engines that were originally under 750cc may be bored and stroked but may not exceed 750cc as a final displacement.
- » **Racing-only Engines:**
 - » Racing-only engines may not exceed 750cc with a maximum allowable overbore of 0.045" per cylinder.
 - » Liquid cooled racing-only engines may not exceed 750cc. There is no provision for overbore.

RACE CIRCUITS

As part of the sport's historic formula, competitors are required to master the skills of racing on four distinct types of race circuits: Mile, Half-Mile, Short Track and TT (Tourist Trophy). Mile, Half-Mile and Short Track races are conducted on specially-prepared oval tracks, with either flat or banked surfaces. TT circuits have both right and left hand turns, plus a jump.

MILE

Mile circuits are typically multi-purpose facilities located on State Fairgrounds across the United States. With speeds reaching 140mph on the long straightaways, races often turn into barn burners with packs of riders drafting to the finish line lap after lap.

HALF-MILE

Half-Miles have been the most common circuits on the schedule throughout the history of the sport. Many Half-Miles are purpose-built racetracks which play host to a wide variety of motorcycle and automobile dirt track racing organizations.

SHORT TRACK

Short Tracks feature quick laps and fierce battles, sometimes described as being like "a fist fight in a phone booth." Getting a good start is vital to getting a good result on a short track.

TT

Unlike some international forms of TT racing, the TTs in American Flat Track are not held on public roads. The circuits are purpose-built non-oval race courses with a jump, requiring riders to master both right- and left-hand turns and launch high into the air at least once per lap.

TRACK LENGTHS

Track length is defined as the average of the distances measured around the inside and outside of the racing surface. Circuits are defined according to the following specifications:

Circuit	Class	Length (mi)	Length (ft)
Short Track (ST)	Singles	.125 - .38 mi	660 - 2050 ft
Short Track (ST)	Twins	.25 - .38 mi	1320 - 2050 ft
Half-Mile (HM)	All	.38 - .75 mi	1950 - 4050 ft
Mile (M)	All	.75 mi >	3950 ft >
Tourist Trophy (TT)	All	.34 mi >	1800 ft >

EVENT FORMAT

American Flat Track events are comprised of a championship points-paying Main for 18 riders in the AFT Twins class as well as a championship points-paying Main for 18 riders in the AFT Singles class. The fields qualify for the Mains through a series of timed qualifying sessions, Heats, an LCQ and Semi races. The Heats, LCQs, Semis and Mains may be referred to as "The Evening Program."

The following event format will be used at American Flat Track events. In coordination with promoters and broadcast partners, changes to the format for specific events may be made as necessary. The number of any particular session, the number of riders qualifying to the Heats, and/or the number of laps in any session may be adjusted due to entry count, inclement weather, etc.

TIMED QUALIFYING

The fastest riders from Combined Qualifying will proceed to the Heats, up to a maximum of 48 riders.

RACE-RELATED TERMINOLOGY

CC: Cubic centimeters in reference to engine displacement.

Contingency: Cash prizes put up by OEM and aftermarket manufacturers which are awarded to competitors that use qualifying products, based on their finishing positions in the Main Events.

Displacement: The space covered or volume swept out by the engine piston at each stroke.

Disqualification: Unless otherwise specified, the forfeiture of all points, awards and prizes earned during a particular race.

Draft: Two or more racers race inches apart in a single-file line. The advantage is that the bikes share the same "pocket of air" allowing them to travel a few miles an hour faster than they would be able to if they were racing separately.

Flaggers: Workers stationed at various points around the track to advise riders of track conditions by using different color flags. Also known as "corner workers."

Get Off: A crash.

Heat Race: A qualifying race determining which riders advance to the Semis, which riders will have a second chance via the LCQ, and which riders will be eliminated.

High-side: A crash where the rider goes over the top of the bike, as opposed to laying it down, or a "low-side."

Holeshot: Taking the lead into the first turn of a race.

Homologation: The process of acquiring eligibility for a motorcycle to be entered in competition. Homologation rules are formulated to create parity among race bikes and to maintain a level playing field for competitors.

LCQ: The Last Chance Qualifier (LCQ) gives riders who failed to proceed from the Heats to the Semis with one last shot. The top two finishers from each LCQ will advance to the Semis.

Line: The fastest way around the track, or through a particular part of the track. Can vary with changing course conditions.

OEM: Original Equipment Manufacturer.

Pit/Paddock: Area primarily designated for the preparation and maintenance of race equipment. May also include parking for transporters and other support vehicles.

Pit Crew: Mechanics and/or team assistants.

Privateer: A racer competing without benefit of a factory contract or major sponsor support.

Program: The predetermined outline of races that make up an event.

Seize: When an engine fails due to excessive heat buildup.

Semi: The final qualifying races for the main event. The top 9 in each Semi will go on to the Main Event in each class.

NBCSN BROADCASTS AND FANSCHOICE.TV

American Flat Track has an exclusive television partnership with NBCSN for the 2017 season. All 18 rounds, from the season-opening DAYTONA TT to the American Flat Track Finals in Southern California, will air in one-hour, tape-delayed telecasts on Thursday nights throughout the summer and fall.

With nearly 85 million subscribers, NBCSN is the Home of Motorsports in America, providing coverage of NASCAR, IndyCar, Formula One, Mecum Auctions, Lucas Oil Pro Motocross and now, American Flat Track.

"We're thrilled to add American Flat Track to the best motorsports portfolio in American media," said Jeff Macaluso, Senior Director, Programming, NBC Sports Group. "We're excited and proud to be a part of the resurgence of this historic series."

NBCSN's coverage of the 2017 American Flat Track season begins in July, kicking off 18 straight weeks of high-intensity American Flat Track telecasts, expertly produced by NASCAR Media Group and highlighted by flag-to-flag race coverage of both classes. The shows will include exclusive features and editorial content telling the story of the world's elite dirt track motorcycle racers as they battle for glory, while cutting-edge technology, including the latest in onboard cameras, will allow viewers to experience the pinnacle of dirt track motorcycle racing like never before.

American Flat Track will debut inside Daytona International Speedway on a one-of-a-kind race course built on the famous tri-oval at the "World Center of Racing." The DAYTONA TT will serve as the first battleground for the great American war brewing between Harley-Davidson and Indian Motorcycles, marking the first time the big American factories have competed head-to-head on the race track since the 1950s.

In addition to the 18 primetime premieres, NBCSN will re-air each of the shows the following week, which will also be available on NBCSports.com and the NBC Sports app. FansChoice.tv, a cornerstone of American Flat Track's digital strategy, will provide live streaming coverage for every round of the 2017 season.

FANSCHOICE.tv™

FANSCHOICE.TV

Every session of every round of the 2016 American Flat Track season will be streamed live, in high definition and free of charge at FansChoice.tv. Fans can watch from their computers, laptops, smart phones and tablets to stay on top of the action from all around the world.

THE AMERICAN MOTORCYCLIST ASSOCIATION (AMA)

The American Motorcyclist Association (AMA), located in Pickerington, Ohio, is the world's premier member-driven motorcycling organization whose mission is to promote the motorcycling lifestyle and protect the future of motorcycling. From the street, to the track, to the trail, millions of Americans enjoy motorcycling. Some ride to work every day. Others ride for pleasure on weekends. Many ride off-road, or journey to places near and far. Still more seek the thrill of competition.

Since 1924, the AMA has protected the future of motorcycling and promoted the motorcycle lifestyle. AMA members come from all walks of life, and they navigate many different routes on their journey to the same destination: freedom on two wheels. As the world's largest motorcycling organization, the AMA advocates for motorcyclists' interests in the halls of local, state and federal government, the committees of international governing organizations and the court of public opinion.

Through member clubs, promoters and partners, the AMA sanctions more motorsports competition and motorcycle recreational events than any other organization in the world. Through its Motorcycle Hall of Fame, the AMA preserves the heritage of motorcycling for future generations. AMA members receive money saving discounts from dozens of well-known suppliers of motorcycle services, gear and apparel, bike rental, transport, hotel stays and more. The AMA is everything motorcycle.

In 2008, the American Motorcyclist Association announced the sale of certain parts of its professional racing properties to AMA Pro Racing, based in Daytona Beach, Fla. The move was brought about by the need for the association to place the management of professional racing in the hands of a well-resourced motorsports entertainment company.

The rules packages introduced by AMA Pro in 2009 have been refined to provide technical stability and rules consistency, which has shifted the focus of the sport to the compelling battles on the track among a magnificent group of athletes.

AMA PRO RACING MANAGING MEMBERS

DAVID ATLAS

David Atlas has been one of the Managing Members of AMA Pro Racing since 2008. A longtime motorcycle racer, Atlas was trained as a mechanical engineer and businessman, and holds mechanical engineering and law degrees from the Cooper Union School of Engineering and Harvard Law School. Atlas started as a propulsion system design engineer for the Navy Department in Washington, D.C.; following law school, he began a 38-year career in professional motorsports. Atlas has worked with and represented many of the leading people and organizations in the business of professional motorsports, including Roger Penske, Chip Ganassi, Emerson Fittipaldi, the IROC Series, GRAND-AM, and some fifty other race teams and professional motorsports athletes over the years. Atlas himself began racing as a 14-year-old and competed regularly for more than a decade at West Palm Beach and AHRMA/Daytona in the 350cc and 500cc two-stroke classes.

TOM BLEDSOE

Daytona Beach, Fla., native Tom Bledsoe has been an integral member of the NASCAR group of companies since 1990. One of AMA Pro Racing's Managing Members, Bledsoe has also served as the President of GRAND-AM Road Racing. Prior to his promotion to President, Bledsoe was COO and acting President of GRAND-AM; prior to that, he served as Vice-President of Finance of GRAND-AM and Treasurer for GRAND-AM's parent company, NASCAR. A longtime motorcycle owner and enthusiast, Bledsoe brings a wealth of motorcycle, motorsport, and fiscal knowledge to AMA Pro Racing, and his careful guidance plays an important role in its operation.

GEORGE SILBERMANN

Silberman, NASCAR's Vice President, Regional and Touring Series, is based at NASCAR's Corporate Headquarters in Daytona Beach, Fla., and oversees NASCAR Weekly Racing, Regional Touring, and International Tours, as well as NASCAR's administrative departments such as Member Services and Credentials.

In recent years he has played a central role in NASCAR's efforts to strengthen its developmental competition levels, its international racing footprint, and grassroots racing programs. He recently spearheaded NASCAR's racing expansion into Europe with the launch of the NASCAR Whelen Euro Series, and played a key role in the launch of the FansChoice.tv live race streaming website.

Silberman's career covers more than 40 years in motorsports. Prior to joining NASCAR in 1999, he was president and COO of the International Motor Sports Association (IMSA) sports car sanctioning body. He also formerly served as a member of the Executive Board of the ACCU/FIA, on the National Motorsports Council, as an FIA International Steward, and was a founding member of Grand-American Road Racing Association (GRAND-AM) in 2000. Today, in addition to his NASCAR responsibilities, he also serves on the Board of Managers of American Motorcyclist Association Pro Racing (AMA Pro Racing), and as the Appeals Administrator for the National Motorsports Appeals Panel.

He became involved in motorsports as a volunteer pit lane official while attending University of Florida in the mid-70's. He and his wife Kathy live in Ormond Beach, Fla. and have 2 sons.

AMA PRO RACING MANAGING MEMBERS

TODD WILSON

R. Todd Wilson serves as Vice President, Finance and Governance at NASCAR and is also a member of the company's Executive Council.

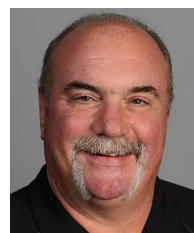

Wilson's most recent responsibilities include serving as CFO and Assistant Treasurer of NASCAR and Chief Financial Officer of NASCAR Broadcasting, NASCAR Digital Entertainment and NASCAR Images. Todd is responsible for managing the NASCAR media rights and has negotiated some of the largest television and the new media right contracts in the history of sports.

Born on June 30, 1962, Wilson holds both a bachelor's degree of science and a master's degree in accounting from the University of Florida. He is a member of both the American Institute of Certified Public Accountants (AICPA) and the Florida Institute of Certified Public Accountants (FICPA).

A NASCAR employee since 1999, Wilson has held several key positions in the company. Prior to joining NASCAR, Wilson's 14-year career in public accounting included an extensive working background in many industries.

Wilson is based at NASCAR headquarters in Daytona Beach, Fla. He and wife Sharon have one son, Brad.

MARK RAFFAUF

Mark Raffauf is a 35-year-plus racing official and motorsports management executive. Raffauf began his motorsports management career working for John Bishop at IMSA in the early 1970s and continued on with the organization through the mid-1990s.

Raffauf has been an integral part of the competition departments of Grand-Am Road Racing and IMSA since the very beginning of both organizations, with responsibilities that include rules enforcement, event management and regulations, driver conduct and briefings, and directing the Grand-Am operations staff.

Having held the positions of Race Director, Technical Director, Vice President and President of IMSA, Raffauf is a board member of ACCU/FIA, and a member of the FIA Sports Prototype Commission and International Steward for World Championship events.

RESULTS AND HISTORICAL DATA WEBSITE

Official results and detailed timing and scoring reports on every American Flat Track session are immediately uploaded to the AMA Pro Racing Results and PDF Archives, where they can often be accessed before they are even available at the track. This online portal, which hosts archived results and standings PDFs from each round of competition since the 2004 season, is available at <http://results.amaproracing.com>.

MEDIA CREDENTIALS

REGIONAL AND LOCAL MEDIA - CREDENTIALS

Regional and local media members wishing to cover American Flat Track events must obtain media credentials from the individual race tracks holding the events. Requests for credentials should be submitted by mail to the track public relations director or credentials coordinator at least two weeks prior to the event. Contact information for each promoter can be found in the American Flat Track Media Guide.

NATIONAL MEDIA - SEASON MEDIA CREDENTIALS (HARD CARDS)

American Flat Track offers Season Media Credentials (Hard Cards) exclusively to national and international media covering the majority of races, and which meet certain criteria. The Media hard cards grant open access to all American Flat Track events during the current season. Media hard card holders should still contact each individual event promoter in advance to ensure they have met any additional requirements the promoter may have, and to request media center access and parking.

Only publications, journalists, electronic media, photographers and videographers whose coverage is considered to be of promotional benefit to American Flat Track events, teams and riders will be considered for accreditation. American Flat Track reserves the right to accept or decline any requests and decide upon the type of pass issued to each person.

HOW TO APPLY FOR SEASON MEDIA CREDENTIALS (HARD CARDS)

All American Flat Track Media hard card requests must be printed on company letterhead and submitted by a sports editor or sports director at least 15 days prior to the first event the applicant would like to attend. Requests should include recent copies of the publication and must state the name(s) of those covering and their specific duties and/or titles (writers/photographers, etc.). Please submit all requests for American Flat Track Media Hard Cards via email to communications@amaproracing.com or mail to:

MEDIA RULES & PHOTO/VIDEO RESTRICTIONS

GENERAL RULES & REQUIREMENTS

Appropriate Attire: Media are required to dress appropriately. Shirts and shoes must be worn at all times; sandals are prohibited. Inappropriately dressed media may be required to remedy the situation or face credential revocation.

Event Rules: Media members must observe all event guidelines and regulations. If unsure, please seek information from an Official or on-site security personnel. Do not begin work as a media member unless you understand the event rules and regulations.

Proper Use: Credentials must be clearly displayed at all times during events and only by the individual to whom it was issued. Presentation of a credential signifies to security that the bearer has signed the required release forms and meets the qualifications for entrance into restricted areas. Unauthorized or improper use of a credential is prohibited. Credentials are non-transferable and will be revoked if used by any other person.

PHOTO/VIDEO RESTRICTIONS

Media Credential Access: Track infield, Media Center, Paddock and general spectator areas. Media approved for Photo/Video must wear an official Media Vest, keep a safe distance from the track and relocate as instructed by officials. Media approved for photography will receive a PHOTO Vest; Media approved for video will receive a VIDEO Vest.

Photographs: All photos taken are the property of AMA Pro Racing ("AMAP"). Photographers must upload their photos to AMAP for long-term archive, editorial and promotional use; in the case of such use by AMAP, photographers will always be provided photo credit. Images taken at American Flat Track events may not be used for any commercial or retail purposes without the express written consent of AMAP.

Video: Video recording of any kind is prohibited at all times, including timed qualifying and racing, of any class at any event on the race track or anywhere within the grounds, without prior written approval of AMAP. All videos taken are the property of AMA Pro Racing ("AMAP"). Any media taking video without approval will forfeit their credential and the videotape and/or recording device will be confiscated.

TRACK ACCESS POLICY

Only approved Photographers and Videographers are permitted track and infield access. The following policies apply to Media granted track access privileges:

Media Vests: Media with infield access must wear the vest and credential issued by AMAP at all times while accessing the infield.

Safe Distance: Media track access is limited to those areas where Media can safely capture images without endangering either themselves or event competitors. Accordingly, Media are prohibited from standing in or on the edge of the race track or "otherwise interfering with the race" and must maintain a safe distance from the designated edge of the track surface at all times.

Track Access: Media are restricted from accessing the track at any time while motorcycles are on course, and must clear the front straight when the 10 Second Board is raised for a race.

Media Crossing Areas: Media are prohibited from crossing the race course during active competition (including practice), and may only do so at designated media crossing areas with explicit approval by AMAP Officials.

Restricted Areas: Media are prohibited from accessing areas of the track where the course design would place them within areas such as jumps and jump landing zones or where they are unable to continuously see or be seen by oncoming riders.

Interference: Media may not stand in front of or otherwise block any TV camera or sponsor signage. Media are expected at all times to conduct themselves in a safe and professional manner and may not impede in any way the activities of race officials, track workers or TV camera operators.

Outside Assistance: Media are prohibited from signaling, cheering on, or assisting riders from the infield.

SERIES EDITORIAL STYLE GUIDE

AMERICAN FLAT TRACK

American Flat Track is the official name of the professional dirt track motorcycle racing championship sanctioned by AMA Pro Racing. The first letter in each word of the name must always be capitalized. The word "championship" may be added to the end, but only when describing the collective set of events that make up a season. The word "series" after American Flat Track should be avoided but, if necessary for clarity, the word should never be capitalized. An abbreviated version of the name, **AFT**, is acceptable to use only after an initial mention using the full name.

AFT TWINS

AFT Twins is the official name of American Flat Track's premier class and should be spelled as it appears here in all instances. The word "Twins" should never be used by itself to describe the class. The word "championship" may be added to the end of the class name, but only when describing the collective set of events that make up a season.

AFT SINGLES

AFT Singles is the official name of American Flat Track's support class and should be spelled as it appears here in all instances. The word "Singles" should never be used by itself to describe the class. The word "championship" may be added to the end of the class name, but only when describing the collective set of events that make up a season.

GRAND NATIONAL CHAMPIONSHIP

Grand National Championship is the historic and traditional moniker for the series and, more specifically, the AFT Twins class. The name should only be used as a secondary reference to the series after an initial mention of American Flat Track in a document. The first letter in each word of the name must always be capitalized.

AMA PRO RACING

AMA Pro Racing is America's professional sanctioning body for a variety of motorcycle racing disciplines and is based in Daytona Beach, Fla. The name identifies the corporate entity, and should never be used as a substitute for the series name. If it is necessary to describe the sanctioning body itself in a document, all mentions must use the full name – AMA Pro Racing – in first reference or mention. The acceptable secondary reference is AMA Pro. AMA by itself should never be used to describe AMA Pro Racing, as AMA refers to the American Motorcyclist Association, the member-driven motorcycling organization based in Pickerington, Ohio.

VANCE & HINES

PRESENTING SPONSOR OF AFT TWINS

Vance & Hines is an American manufacturer of aftermarket motorcycle performance parts with factories in Santa Fe Springs, California and Brownsburg, Indiana. While we are best known for our distinctive exhaust systems for big twin cruisers, you may be surprised to know that we also make a wide range of parts and accessories for nearly every form of vehicle in the powersports world. The company's founders, Terry Vance and Byron Hines shared a passion for the quarter mile from the early days of motorcycle drag racing. But they also shared a vision of creating a company that would be a pillar of the motorcycle aftermarket, and they used their unrivaled achievements in racing to build a brand that would unmistakably stand for quality and performance. This same formula drives Vance & Hines today, from our continuing involvement in many disciplines of racing to our commitment to making the kinds of products that get people excited about motorcycling. From metal forming to smartphone-driven electronics, we believe pushing the envelope for design and technology is the way forward. At the end of the day, our goal is not just to make an American-made product, but to create products that inspire motorcyclists around the world. AGV

OFFICIAL HELMET OF AMERICAN FLAT TRACK

In the early 50s AGV produced the first 100% fiberglass open-face helmet. A few years later, taking advantage of the experience acquired in creating a special helmet to run the flying start kilometre on skis, AGV developed the first fiberglass full-face helmet. Since the beginning, AGV's history has been directly linked to the one of riders who have made motorcycle history: Giacomo Agostini, Barry Sheene, Kenny Roberts, Johnny Cecotto, Angel Nieto, Marco Lucchinelli, Franco Uncini, Fausto Gresini, Niki Lauda, Nelson Piquet, Emerson Fittipaldi, Randy Mamola, Loris Capirossi, Max Biaggi, Valentino Rossi, Marco Simoncelli and many others. In 1988 AGV completed its range of products with the acquisition of MDS, a brand that in a very short time emerged by virtue of its versatility.

DAINESE

OFFICIAL SAFETY APPAREL OF AMERICAN FLAT TRACK

For Dainese, designing protection and safety around people means taking inspiration from Nature, such as the armadillo's horny shell or the lobster's carapace. Human history provides inspiration with Medieval and Renaissance suits of armour that once offered the privileged few protection, ergonomics, and safety. This is the challenge: transform the concepts of Nature and history's most brilliant hunches into protective devices to be used by the largest possible number of users. Protection has finally become democratic.

DAYTONA TT - MARCH 16, 2017

DAYTONA INTERNATIONAL SPEEDWAY - DAYTONA BEACH, FLORIDA

**TRACK SNAPSHOT**

The 2017 American Flat Track season will kick-off for the first time inside the World Center of Racing in Daytona Beach, Fla., with the newly designed and purpose-built DAYTONA TT circuit on Thursday, March 16. The DAYTONA TT will mark the dawning of a new era for America's most historic form of motorcycle racing, and will serve as the first battleground for the great American war between Harley-Davidson and Indian Motorcycle in 2017.

The race will run in conjunction with Daytona Beach's Bike Week festivities at the Daytona International Speedway and will be the first track raced on by the new AFT Twins and AFT Singles classes.

In 2016, Sammy Halbert and Jake Johnson took home the doubleheader victories in the GNC1 class on the quarter-mile short track while Dalton Gauthier won the first night of the two-round stint and Dylan Morin struck gold in Round two for the GNC2 class.

ATLANTA SHORT TRACK - MARCH 25, 2017

DIXIE SPEEDWAY - WOODSTOCK, GEORGIA

**TRACK SNAPSHOT**

After the season opener in Daytona Beach, Fla., the series heads north for a new event on the calendar — the Atlanta Short Track at Dixie Speedway in Woodstock, Ga. on Saturday, March 25. Atlanta fans will be treated to the roar of the AFT Twins class as they hit the 3/8-mile Georgia red clay for the first time, as well as catch a glimpse of the stars of tomorrow in the AFT Singles division.

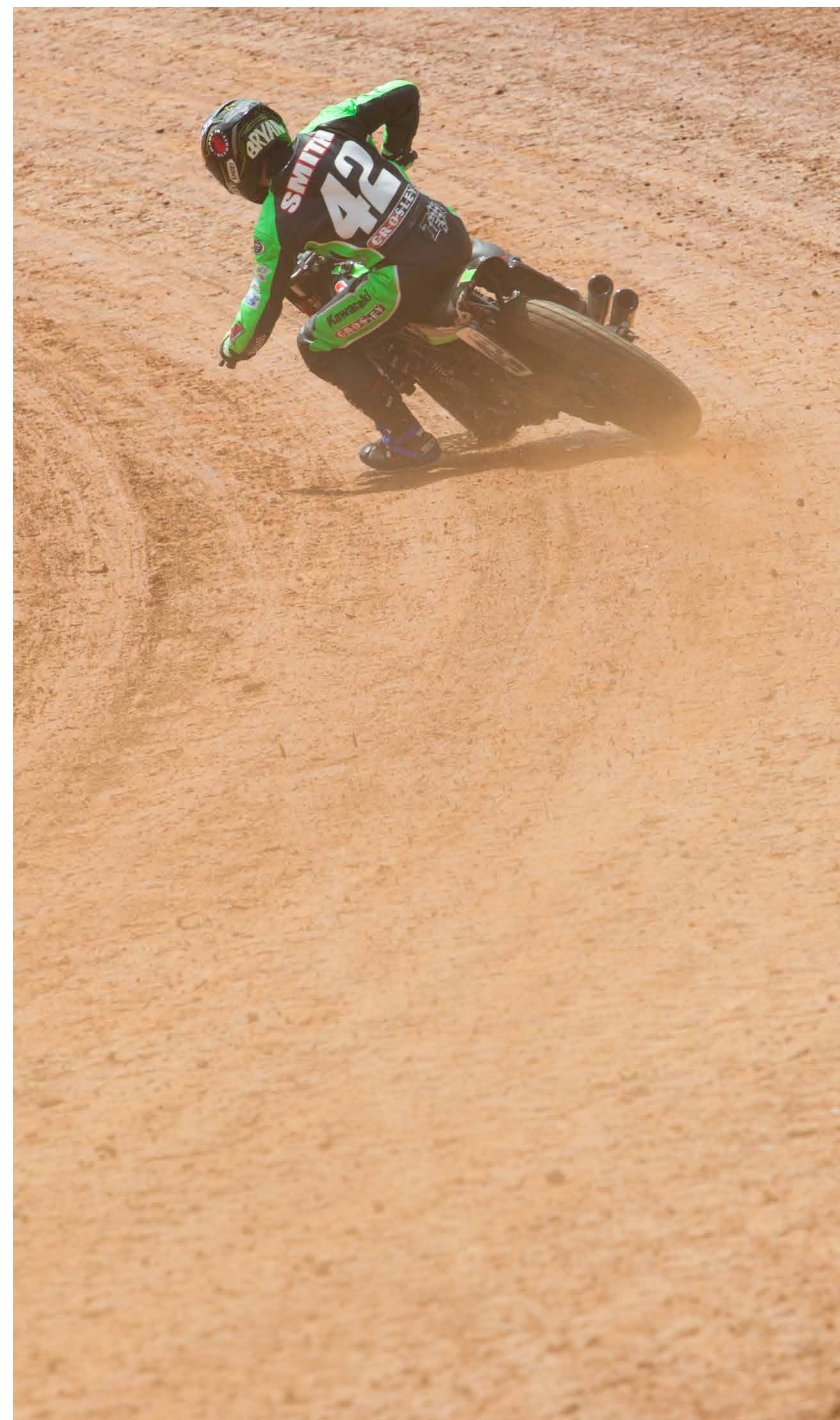

Located just outside of Atlanta, the Dixie Speedway has also been voted as Georgia's Premier Dirt Track and Tourist Destination by USA Today.

The last time the series visited the Peach State was on Sept. 29, 1974 in Albany where Rick Hocking took home the Grand National Championship victory on his Yamaha on the Mile circuit. Hocking won two Grand Nationals that year with the second being in Gardena, Calif.

CHARLOTTE HALF-MILE - APRIL 1, 2017

THE DIRT TRACK AT CHARLOTTE MOTOR SPEEDWAY - CHARLOTTE, N.C.

**TRACK SNAPSHOT**

For the third weekend on the trot in the South East, the series heads to North Carolina for the Charlotte Half-Mile on Saturday, April 1. The world-class dirt track at Charlotte Motor Speedway will play host to the best dirt track motorcycle riders in the world for the third year in a row, but on an all-new date, trading the thick heat of a Southern Summer for the Spring.

Fun for all ages with demo rides, music and a kid zone in the vendor area, this year's Charlotte Half-Mile will also mark the second year of promotion by the sanctioning body's subsidiary event promotion company, AFT Events.

Last year, three-time Grand National Champion Jared Mees won the CHDDA Charlotte Half-Mile over Brandon Robinson. While Mees took top honors in GNC1 (now AFT Twins), the up-and-coming stars in GNC2 (now AFT Singles) battled it out for the W until the "flying tomato" Kolby Carlile secured the victory over the 2016 GNC2 champion Ryan Wells.

ARIZONA MILE - MAY 13, 2017

TURF PARADISE - PHOENIX, ARIZONA

**TRACK SNAPSHOT**

American Flat Track returns to Turf Paradise for the second year running for an afternoon of flat track action at the luxurious horse racing facility on Saturday, May 13. Round four of 2017 kicks off the first of three-straight weekends on the Mile tracks.

Last year, "Mile Specialist" Bryan Smith began his winning streak on the Mile circuits at the Arizona Mile aboard the No. 42 Crosley/Howerton Kawasaki Ninja 650. The 2016 Grand National Champion dominated the competition in GNC1 (now AFT Twins), beating title rival Jared Mees by an impressive 12.646 seconds. It also marked Cory Texter's first-career podium finish with a third place result.

In GNC2 (now AFT Singles), Dalton Gauthier put BMW on the map, taking top honors on the Wood Racing BMW FS800.

SACRAMENTO MILE - MAY 20, 2017

CAL EXPO - SACRAMENTO, CALIFORNIA

**TRACK SNAPSHOT**

The series leaves the desert and travels west to Sacramento for the famed Sacramento Mile on Saturday, May 20. Located in one of flat track's traditional hotbeds, the Sacto Mile is rich with history and has been the site of many thrilling down-to-the-wire battles on the twins.

Last season, Bryan Smith scored a record sixth straight GNC1 (now AFT Twins) win at the Cal Expo Fairgrounds on his trusty No. 42 Crosley/Howerton Kawasaki Ninja 650. In 2017, all eyes will be on the defending Grand National Champion to see if he can score lucky number seven on his new steed — the No.1 Indian Scout FTR750. Looking to spoil the champ's streak will be Kenny Coolbeth, Jr. on the Harley-Davidson XG750R. The veteran busted Smith's Springfield Mile streak in 2016 and came just shy of the win in Sacramento.

In the GNC2 class (now AFT Singles), Tristan Avery took the top spot on the box over eventual class champion Ryan Wells and Jeffery Lowery.

SPRINGFIELD TT (AFT SINGLES) - MAY 27, 2017

ILLINOIS STATE FAIRGROUNDS - SPRINGFIELD, ILLINOIS

**TRACK SNAPSHOT**

As per tradition, American Flat Track celebrates Memorial Day in Springfield, Ill., but with a new twist. The weekend kicks off with the sport's stars of tomorrow in the AFT Singles class, racing the Springfield TT on Saturday, May 27.

It's an action-packed holiday weekend at one of the sport's legendary venues – the Illinois State Fairgrounds. Fans will get two days of racing instead of just one with the TT track just steps away from the legendary Mile circuit, where the AFT Twins will race the following day.

After a four-year absence, 2017 marks the Springfield TT's return to the series' calendar. In the series' last outing in 2012, Gerit Callies raced his KTM to a victory in the GNC2 class (now AFT Singles), while Henry Wiles took top honors in the Grand National Championship. Unfortunately for Wiles, he will not get the opportunity to add to his TT win tally as the 2017 event will only include AFT Singles.

SPRINGFIELD MILE I (AFT TWINS) - MAY 28, 2017

ILLINOIS STATE FAIRGROUNDS - SPRINGFIELD, ILLINOIS

**TRACK SNAPSHOT**

As the longest running event on the circuit, the Springfield Mile is considered the crown jewel of the American Flat Track schedule. It's considered by many to be one of the most prestigious wins on the circuit and AFT Twins riders will get two shots at it, starting with Memorial Day weekend for the Springfield Mile I on Sunday, May 28.

Memorial Day weekend at the Illinois State Fairgrounds is a long-standing tradition, but new to 2017 - the Mile is an AFT Twins only race. The support class - AFT Singles - gets their spot in the limelight just steps away from the Mile track at the Springfield TT on Saturday, May 27.

Last year, Bryan Smith took home his third-straight Mile win of 2017 and his third consecutive win on the Springfield Mile. The win accounted for three of Smith's five wins that helped earn him the 2016 Grand National Championship. Meanwhile in GNC2 (now AFT Singles), Smith's training partner Ryan Wells scored his first-career Mile win.

RED MILE - JUNE 3, 2017

THE RED MILE - LEXINGTON, KENTUCKY

**TRACK SNAPSHOT**

For round seven, the series heads to uncharted territory. For the first time ever, American Flat Track will race in Lexington, Ky. at the Red Mile on Saturday, June 3. Kentucky fans will get to witness a new level of excitement as the best riders in the world mount their fire breathing AFT Twins, along with the future of the sport in the AFT Singles class, duke it out for bragging rights as the first winner on the Red Mile.

The last time the series raced in Kentucky was on June 8, 1991 in Louisville. Scott Parker secured the Half-Mile victory on a Harley-Davidson, on his way to claiming the fourth of his nine Grand National Championships, over eventual seven-time champ Chris Carr.

This new stop on the schedule is familiar, as the circuit is primarily used for a unique style of horse racing called harness racing, where horses pull a two-wheel carriage around the Mile circuit. Now, the track will experience a new-style two wheeled experience with a lot more horsepower.

OKC MILE - JUNE 17, 2017

REMINGTON PARK - OKLAHOMA CITY, OKLAHOMA

**TRACK SNAPSHOT**

The OKC Mile at Remington Park is back on the American Flat Track schedule of events for round nine of 2017 on Saturday, June 17.

The first running of the event was a sell-out hit at the state-of-the-art horse racing facility outside of Oklahoma City, Okla., and year two promises the same with the renewed rivalry between Harley-Davidson and Indian.

Last year, Jared Mees pulled off the upset, beating "Mile Specialist" Bryan Smith by a commanding victory, leading 23 of 25 laps in the GNC1 (now AFT Twins) Main Event.

In the GNC2 class (now AFT Singles), Tristan Avery scored his second victory of the season on his Kawasaki Ninja 650 over Charles Gerencer's Harley-Davidson XR750.

LIMA HALF-MILE - JUNE 24, 2017

ALLEN COUNTY FAIRGROUNDS - LIMA, OHIO

**TRACK SNAPSHOT**

It may not have the flash and speed of the Mile tracks, but make no mistake about the fact that the Allen County Fairgrounds is one of the sports most revered events. A fan-favorite among American Flat Track fans, the series returns to the pea-gravel flinging, half-mile circuit for the 31st running of the Lima Half-Mile on June 24.

Last year in the premier GNC1 class (now AFT Twins), Brandon Robinson secured the win on his Harley-Davidson XR750 over Jared Mees and Brad "The Bullet" Baker. In the support class, eventual 2016 GNC2 Champion (now AFT Singles) Ryan Wells showcased his dominance on the Parkinson Brothers Honda CRF450R over Pennsylvania-native Ryan Varnes who raced on a Yamaha YZ450F.

As the 2017 season crests the halfway mark at Lima, the American Flat Track riders will turn up the heat even more as time starts to wind down in the points chase for the championship.

ROLLING WHEELS HALF-MILE - JULY 8, 2017

ROLLING WHEELS RACEWAY PARK - ELBRIDGE, NEW YORK

**TRACK SNAPSHOT**

American Flat Track returns to Elbridge, New York on Saturday, July 8 for the Rolling Wheels Half-Mile at Rolling Wheels Raceway Park. Last year marked a return to the Empire State after an eight-year absence and the New York fans packed the grandstands for a night of bar-to-bar racing on the half-mile's signature synthetic surface.

Jared Mees put on a masterclass performance to beat rival Bryan Smith by 1.555 seconds, an important win for the three-time Grand National Champion as the clock wound down in the title chase.

While the GNC1 (now AFT Twins) championship was heating up, Ryan Wells put his GNC2 (now AFT Singles) championship to bed. A second-place finish was enough for the New York-native to secure his first professional championship in front of the home crowd. It will be another great homecoming in 2017 for the 2016 GNC2 Champion as Wells makes the move up to the premier class and lines up against the best flat trackers in the world.

CALISTOGA HALF-MILE - JULY 29, 2017

CALISTOGA SPEEDWAY - CALISTOGA, CALIFORNIA

**TRACK SNAPSHOT**

Making a comeback to the American Flat Track schedule, on July 29, the Calistoga Half-Mile returns as the 11th round in 2017. Nestled in the heart of Northern California wine country, the Half-Mile at Calistoga Speedway is a great destination for race fans.

In the last outing for the series at Calistoga Speedway two years ago, it was Brad Baker on the Factory Harley-Davidson that took the GNC1 (now AFT Twins) win, with fellow Harley-Davidson riders Jared Mees and Jake Johnson joining him on the podium. It was an important victory for rider as it was the first of the season for the defending Grand National Champion.

In the Pro Singles class (now AFT Singles), it was Davis Fisher that dominated the group for the entire 16-lap Main Event on a Honda CRF540R for the TJ Burnett Farms racing team. Jarod Vanderkooi and Ryan Foster finished in second and third place, respectively.

BUFFALO CHIP TT - AUGUST 6, 2017

BUFFALO CHIP - STURGIS, SOUTH DAKOTA

**TRACK SNAPSHOT**

Joining the Daytona TT as one of the monumental events in the new era of American Flat Track racing is the Buffalo Chip TT. The first of two events during the 77th Sturgis Rally in Sturgis, South Dakota, race fans will witness the best flat track racers in the world wrestle twins on a purpose-built TT circuit at the famous Buffalo Chip campgrounds on Sunday, August 6.

This first-time event will be happening during the Largest Music Festival in Motorcycling. The new TT circuit, designed by seven-time Grand National Champion Chris Carr, will set racers on a new course with a twist - a half-mile long TT track that winds through the center of the venue's famous amphitheater. It also marks time in history that a TT track will start with a right-hand turn.

Being a clean slate with an all-new event and a new era in the sport, it's anyone's guess as to who will come out on top on the big stage at the Buffalo Chip.

TT Course built in front of the main stage at the legendary Buffalo Chip Campground.

BLACK HILLS HALF-MILE - AUGUST 8, 2016

BLACK HILLS SPEEDWAY - RAPID CITY, SOUTH DAKOTA

**TRACK SNAPSHOT**

Not only one, but two nights of American Flat Track racing will take place in South Dakota during the legendary Sturgis Rally. A few days after the Buffalo Chip TT on Sunday, August 6 racing fans can migrate to the Black Hills Speedway on Tuesday, August 8 to experience some Half-Mile action at Rapid City Speedway with the Black Hills Half-Mile.

In one of the hands-down most exciting GNC1 (now AFT Twins) races of 2016, title heavyweights Bryan Smith and Jared Mees duked it out with Smith taking the win by just .207 of second. In the GNC2 class, Smith's training partner, Flyin' Ryan Wells, also took the top spot on the podium over Dalton Gauthier.

Last year's race was a star-studded event with an appearance by Ultimate Fighting Championship (UFC) president Dana White as a special guest of Harley-Davidson. Indian Motorcycle also rolled out its new Indian Scout FTR750 into the paddock for spectator and riders to see.

PEORIA TT - AUGUST 13, 2017

PEORIA RACE PARK - PEORIA, ILLINOIS

**TRACK SNAPSHOT**

Around the world, the Peoria TT has become a bucket list item. And it returns on August 13 as the longest running-event in the championship's history. Dating back to 1947, the Peoria TT at the Peoria Motorcycle Club boasts some of the most exciting and unpredictable action of the season. Fans pack the hillsides that surround the .6-mile, six-turn track, trying to get the best view possible of the famous jump on the back half of the track.

Lately, one man has owned Peoria in the GNC1 class (now AFT Twins) — Henry Wiles — and last year was no exception. Wiles took the checkered flag for a record 12th-straight time. The 2017 edition will mark the first time anyone has raced a twin on a TT in Grand National Championship competition in over 20 years, but Wiles will be gunning for win number 13 to tie Chris Carr's all-time win record at Peoria.

While Wiles was making records, GNC2's (now AFT Singles) Hayden Gillim was scoring his own; his first professional American Flat Track win.

SPRINGFIELD ST (AFT SINGLES) - SEPT. 2, 2017

ILLINOIS STATE FAIRGROUNDS - SPRINGFIELD, ILLINOIS

**TRACK SNAPSHOT**

American Flat Track kicks off Labor Day tradition in Springfield, Ill. with an AFT Singles battle at the Springfield ST on Saturday, Sept. 2.

The second weekend of the year with action-packed racing at the Illinois State Fairgrounds, this time the rising stars of professional flat track will take to the Short Track course for top honors in AFT Singles.

Like the TT, it's also just steps away from the legendary Mile circuit, where the AFT Twins will race the following day.

The last time the pros raced on the Short Track course at the fairgrounds was in 2012 when Henry Wiles won the GNC1 (now AFT Twins) Main on a Kawasaki KX450F and Dan Bromley raced his KTM to a victory in the GNC2 class (now AFT Singles). But unlike 2012, this year's running of the Springfield Short Track will only be AFT Singles event.

SPRINGFIELD MILE II (AFT TWINS) - SEPT. 3, 2017

ILLINOIS STATE FAIRGROUNDS - SPRINGFIELD, ILLINOIS

**TRACK SNAPSHOT**

If you missed Springfield Mile I, you get a second chance to catch one of the most prestigious events on the American Flat Track circuit on Sunday, September 3. A Labor Day weekend traditions fans flock to the Illinois State Fairgrounds to watch the world's best flat track racers reach speeds of 140 mph on the Mile course to earn the coveted Springfield Mile win in the premier AFT Twins class.

Last year, Kenny Coolbeth, Jr. pulled off the upset ending Bryan Smith's win streak at Springfield in a thrilling finish, crossing the line .009 of a second over the "Mile Specialist." It also marked Coolbeth's first GNC1 (now AFT Twins) win of 2016. In GNC2 (now AFT Singles), the newly crowned champ Ryan Wells scored his second-straight Springfield Mile win.

New for 2017, it's an AFT Twins only event with the support class, AFT Singles, taking center stage the day before on the Springfield Short Track.

WILLIAMS GROVE HALF-MILE - SEPTEMBER 9, 2017

WILLIAMS GROVE SPEEDWAY - MECHANICSBURG, PENNSYLVANIA

**TRACK SNAPSHOT**

American Flat Track makes its returns to another market after a long absence - Mechanicsburg, Pa. at Williams Grove Speedway on Saturday, September 9. The last time the series raced in Mechanicsburg was 1994 when Larry Pegram won the Grand National event on a Honda. One of the few riders (if not the only) still racing in the sport's return to Pennsylvania is Factory Harley-Davidson's Kenny Coolbeth, Jr. The veteran will look to take home a win in his return to the circuit for the first time since his rookie year in 1994.

It's also a welcome return to the Keystone State that also serves as one of the sport's talent hot beds and will also be a nice homecoming for Pennsylvania-natives like Jake Johnson, Jared Mees, Shayna Texter, Cory Texter and Brandon Robinson.

With just two rounds remaining in 2017, the smooth clay Half-Mile circuit will host some exciting racing in the AFT Twins and AFT Singles championship fight.

LONE STAR HALF-MILE - SEPTEMBER 23, 2017

TEXAS MOTOR SPEEDWAY - FORT WORTH, TEXAS

**TRACK SNAPSHOT**

American Flat Track heads to Texas Motor Speedway on Sept. 23 for the penultimate round of the championship. The Lone Star Half-Mile also marks a return to a new market after a long absence, the first visit for the series in the Dallas/Fort Worth area since 1999.

The clay track with 12-degree banking will be the home race for Jared Mees' team, so the three-time Grand National Champion will be looking for a "W" in legendary tuner Kenny Tolbert's backyard.

The last time the series raced in the Dallas/Fort Worth area, Joe Kopp won the Mile event in the GNC (now AFT Twins) class on his Harley-Davidson. Prior to that Steve Morehead secured the GNC victory in 1995 on the Half-Mile circuit.

PERRIS HALF-MILE AT SOCAL FAIR - OCT. 7, 2017

PERRIS AUTO SPEEDWAY - PERRIS, CALIFORNIA

**TRACK SNAPSHOT**

American Flat Track returns to Southern California for the 2017 season finale on Saturday, October 7, at an all-new venue - Perris Auto Speedway. Since the departure of the Pomona Half-Mile in 2015, the series has found a new Southern California home to crown a champion on the clay Half-Mile track in Perris, Calif.

The Grand National Championship usually comes down to the wire in the season finale. But perhaps none lived up to that billing more than last year's season finale at the Santa Rosa Mile when Bryan Smith slammed the door shut on rival Jared Mees in the last corner on the last lap of the race to score his career-first Grand National Championship. Well out in front of the championship battle, Brad Baker schooled the competition with a dominant victory to close his chapter with Factory Harley-Davidson.

Held in conjunction with the SoCal fair, tickets for the season finale are included in the purchase of a fair ticket.

BRYAN SMITH - 2016 GNC1 CHAMPION**CHAMPIONSHIP SEASON STATISTICS**

Starts	Poles	Wins	Podiums	Top 10s	Laps Led
14	6	4	8	13	106

SEASON RECAP

After years of being the bridesmaid, Bryan Smith finally sealed the deal on his first Grand National Championship. It was an epic battle between Smith and rival Jared Mees in the Harley-Davidson GNC1 presented by Vance & Hines class that came down to the wire – the final corner on the final lap at the 2016 season finale in Santa Rosa, Calif.

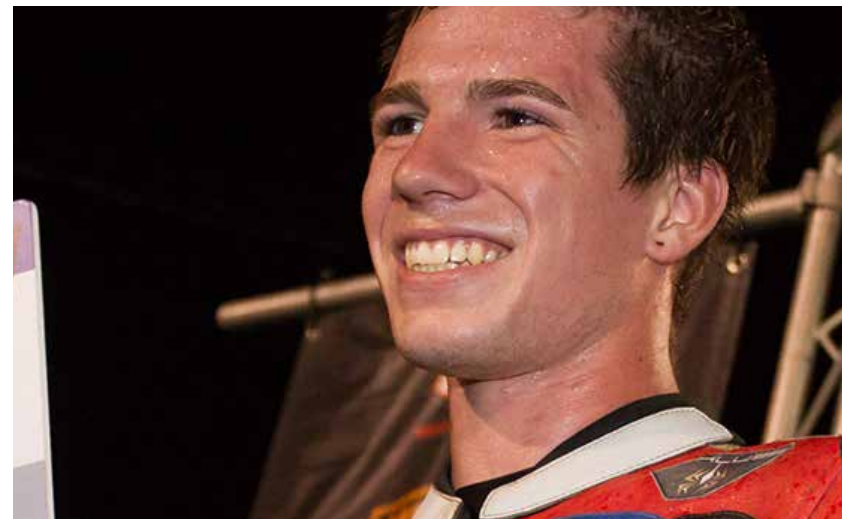

It was a fairytale ending for the Michigan-native and marked not only a first for Smith but also for his Crosley/Howerton racing team and Kawasaki as well, breaking the domination of Harley-Davidson mounted riders in the class.

It was a season full of edge-of-your-seat racing between the two title heavyweights – Smith and Mees – the pair finished one and two at five different rounds in 2016 and were only separated by five points in the overall standings at season's end.

Long considered the "Mile Specialist" in the sport, Smith scored four wins in 2016, including three consecutive wins on Mile circuits - Arizona, Sacramento and Springfield I – and one Half-Mile track at Black Hills Speedway.

Smith finished outside of top-10 just once, with his worst finish coming at the Peoria TT where he got caught up in a first turn melee after the race restart and was unable to finish the race. Over the course of the 14-round season, he was the best qualifier for six races and lead the most laps five times.

Smith, along with new teammate Brad Baker, will transition from the green and black Kawasaki race machine to the new Indian Scout FTR750. Rival Mees completes the line-up on his own independent team to make it a three-rider Indian Wrecking Crew in 2017.

RYAN WELLS - 2016 GNC2 CHAMPION**CHAMPIONSHIP SEASON STATISTICS**

Starts	Poles	Wins	Podiums	Top 10s	Laps Led
14	5	5	9	14	76

SEASON RECAP

Flyin' Ryan Wells held no prisoners during the 2016 season as he had his eyes on one thing and one thing only – the GNC2 Championship. Although Wells had hoped to finally make the move to the premier class last season, he put those plans on hold for an opportunity to ride for Parkinson Brothers Racing, a proven championship winning team in the support class.

Wells left his home in Upstate New York for an invite to live with the team in Michigan and train with mentor and friend – 2016 Grand National Champion Bryan Smith. It turned out to be a recipe for success, as Wells quickly rose to the top of his class. The Albion, NY native clinched the GNC2 championship – his first professional title – two rounds prior to the end of the season and in front of the home crowd at the Central New York Half Mile.

Wells ended the year with five wins: both Springfield Miles (Springfield I marking his first-ever Mile win), the Lima Half-Mile, Black Hills Half-Mile and the Santa Rosa Mile. As championships are also won with consistency, Wells never finished outside of the top-10 all season, with his worst finish coming at the Peoria TT where he scored a sixth-place result.

His closest competition came from Dalton Gauthier, who scored a total of 199 points in the overall standings to Wells' 264.

This season, Wells will move to the AFT Twins class with the BriggsAuto.com Racing team to compete with the top-level Flat Track athletes in the world. With the changes in the series there are a lot of unknown factors going into 2017. This rookie, fresh off of his support class championship, could prove to be a dark horse in the newly-restructured AFT Twins.
