

Competitor Bulletin # 2025-04 Dunlop Tire Purchasing

To: All American Flat Track Competitors
Date: 6/19/2025
Effective Date: Immediately
Subject: Dunlop Race Tire Purchasing — AFT Exclusive Distribution

Dunlop Motorcycle Tires has asked that **all DT4 spec race tires for the Mission AFT SuperTwins and AFT Singles presented by KICKER classes be purchased exclusively through American Flat Track's online marketplace**. This manufacturer-directed change is designed to **secure season-long supply, simplify pre-ordering, and guarantee that every rider has the tires they need at every round**. AFT is simply facilitating the process on Dunlop's behalf.

How to order:

- Place orders at <https://marketplace.americanflattrack.com/shop/dunlop/7> (two-week pre-event deadline still applies).
- Special questions: contact Nick Bosley (nbosley@amaproracing.com) or 386-780-4848).
- Pre-ordered tires can be collected from the AFT Competition/Tech trailer during early load-in or race-day pick-up hours to be announced.

Thank you for working with us on this streamlined program. By channeling all tire purchases through one portal, Dunlop can track inventory in real time, ship where demand is highest, and **keep every rider on fresh, race-ready rubber all season long**. We appreciate your cooperation and look forward to seeing you on track.
