

## **Appendix B**

### **Professional Racing Substance Abuse Policy**

#### **Preamble**

The safety and integrity of professional motorcycle racing are of paramount concern to AMA Pro Racing. Substance abuse is fundamentally inconsistent with safety and with the integrity of motorcycle sport. Accordingly, AMA Pro Racing has established this Substance Abuse Policy, which is a supplement to AMA Pro Racing's Rules for Competition and which is binding upon all licensed participants in the same manner and to the same extent as AMA Pro Racing Rules for Competition. All participants applying for any AMA Pro Racing membership must agree to the following:

"I recognize the importance of maintaining the safety and integrity of professional motorcycle racing. Accordingly, I agree to strictly comply with AMA Pro Racing's Rules for Professional Competition and AMA Pro Racing's Substance Abuse Policy. I understand that my agreement to comply with the Substance Abuse Policy is an essential precondition to the issuance of a professional license and that I must abide by the Substance Abuse Policy and submit to such testing procedures as may be conducted from time to time at the sole discretion of AMA Pro Racing as a condition of continued licensure. I further understand that any violation of the Substance Abuse Policy, or failure or refusal to submit to testing and honestly participate in any testing procedure, will result in immediate disciplinary action which may include the suspension of my AMA Pro Racing competition license or membership and the denial of my privilege to participate in any AMA Pro Racing sanctioned events."

Credentialed participants are provided a copy of the AMA Pro Racing Substance Abuse Policy with the issuance of their participant credential. It reads as follows:

The AMA Pro Racing Substance Abuse Policy is provided to AMA Pro Racing licensed participants in accordance with the AMA Pro Racing license agreement. Compliance with the AMA Pro Racing Substance Abuse Policy, and participation in its testing program, is mandatory for all credentialed participants and is essential to the safety of professional motorcycling activity.

#### **AMA PRO RACING SUBSTANCE ABUSE POLICY**

Through a comprehensive testing program, AMA Pro Racing's Substance Abuse Policy rules are designed to keep Events safe for everyone and provide a level playing field. Strong testing programs save lives, prevent injury, gives AMA Pro Racing Participants additional reasons to say no to illegal drugs and help identify people with substance abuse issues and facilitate their treatment. To those ends, AMA Pro Racing prohibits the misuse of alcohol, prescription drugs, and any other substance used in a manner that affects safety or impacts the integrity of the competition, including –but not limited to-- illegal or performance enhancing substances. All AMA Pro Racing Participants are responsible for whatever goes into their body.

This policy is a supplement to AMA Pro Racing's Rules for Competition which is binding upon all credentialed Participants in the same manner and to the same extent as AMA Pro Racing Rules for Competition.

#### B5.11 VOLUNTARY DISCLOSURE

AMA Pro Racing encourages voluntary disclosure of substance abuse and supports voluntary rehabilitation efforts by persons subject to the terms of this Policy. Consequently, AMA Pro Racing is agreeable to accommodating such persons during their recovery and abstinence so long as the safety and integrity of AMA Pro Racing's professional racing program is not jeopardized.

- a. AMA Pro Racing's primary objective with regard to voluntary disclosure is to prevent participation of individuals who are in violation of this Policy until such time as the violation is no longer a threat to the safety or integrity of the racing program. In principal, persons who voluntarily disclose violation of this Policy, and who voluntarily withdraw from participation until their eligibility status is resolved, will receive more favorable consideration than those whose violations are discovered through testing and who have continued to knowingly participate in AMA Pro-Racing's program while in violation of this Policy.
- b. Participants are encouraged to contact the Program Administrator and/or Race Director to voluntarily disclose violations of the Substance Abuse Policy prior to being selected for a drug test. Persons who do not will be subject to whatever actions and controls AMA Pro Racing deems necessary to protect the safety and integrity of its racing program, and such steps may include withholding of competition privileges.

- c. Individuals who voluntarily disclose their violation(s) of the Substance Abuse Policy, and who cooperate with the Program Administrator in setting a plan of action for reinstatement, shall not, under normal circumstances, be charged with violation of this Policy.

- d. Individuals who voluntarily disclose their violation(s) of the Substance Abuse Policy will be subject to a preliminary test to be conducted in a timely manner at the direction of AMA Pro Racing and any subsequent testing as determined by the Program Administrator. Costs of such test shall be borne by the individual. Under no circumstances will the individual be permitted to participate in AMA Pro Racing-sanctioned activities until they have a negative test result on a sample specifically identified as a "Consideration for Return to Competition" passed a substance abuse test.
  - i. If the results of the preliminary test reveal that the participation of the individual may jeopardize the safety or integrity of the AMA Pro Racing program, as determined in the sole discretion of AMA Pro Racing, then the further participation of the individual will be withheld until such time as there is evidence, acceptable to AMA Pro Racing, that the individual's participation will no longer jeopardize the safety and integrity of the program.
- e. Individuals who voluntarily disclose violation(s) of the Substance Abuse Policy will be required, prior to continued participation, to enter into a Voluntary Disclosure Agreement with AMA Pro Racing stipulating the conditions of their probation.
- f. Individuals who have no previous offenses of this Policy may voluntarily disclose violation(s) even at the time of selection for a random test under the provisions of Section B.11 of this Policy or at the time of notification of a test under the reasonable suspicion provisions of Section B.5.1. However, such individuals must immediately cease their participation in the day's activities and refrain from any further participation in AMA Pro Racing-sanctioned activities until their eligibility status has been resolved.
- g. Individuals who have one or more previous violations of this Policy are offered no specific protections under this section of the Policy. However, voluntary disclosure of repeat violation(s), and voluntary withdrawal from participation, will be viewed as mitigating factors by AMA Pro Racing in determining any penalties which might be invoked.
- h. Any violation of the Substance Abuse Policy discovered while an individual is on probation under these provisions for voluntary disclosure shall be treated as an offense under the appropriate item of this Policy

#### B5.12 APPLICABILITY OF THE AMA PRO RACING RULES

- a. This Policy, as it may be amended from time to time, is a supplement to the provisions of the AMA PRO RACING Rules for Competition and will be interpreted, enforced and applied by AMA PRO RACING. This Policy is binding upon all AMA PRO RACING Participants in the same manner and to the same extent as the AMA PRO RACING Rules for Competition.
